Detached chalet renovated in 2025 with a large plot, panoramic views, and Mediterranean style. This fully renovated detached chalet from 2025 is distributed over two floors and located on a largesized plot. The property has a constructed area comprising 5 bedrooms, 2 full bathrooms, and 1 toilet. On the main floor, there is a livingdining room with a fireplace, an independent equipped kitchen, as well as several rooms with direct access to the outside. The finishes maintain a Mediterranean style, combining traditional materials with updated installations. The exterior of the plot includes a private pool, landscaped area, barbecue, and a covered summer kitchen. The property also has a closed garage, storage room, and air conditioning system with split units. The house is oriented to take advantage of the panoramic views, has good natural light, and is located in a wellconnected and established area, with quick access to services and main roads.
